- Periodical Initiatives Update**
  - Working list of initiatives (from PAG)**
  - Other**

**Evaluate recommendations from PAG for potential implementation (marked in red):**

- Authorize Special Interest Publications (SIPs) at the group level as Periodicals
- Use postal delivery of periodicals to newsstands – eligible for Periodicals prices?*
- Have a Periodicals price for single copies
- Allow more prospecting at the Periodicals rates*
- Increase weight limit for inserted product samples*
- Allow mailing to a subset of subscribers at Periodicals rates for greater flexibility
- Reduce number of minimum pages for requester pubs to 16
- Use “wantedness” to help new pubs acquire Periodicals status
- Use a click-on feature in Informed Delivery to track recipients’ interest in a publication
- Allow SIPs to be offered as subscription premiums and pay Periodicals rates when poly-wrapped with a Periodicals title

- User Group 13
  - Optimization of letters and flats
  
- Bundle preparation – tubs vs. sacks

- **Optional SCF Presort and Entry**
  - **CSR-348 (DMM 255.6.0) Implemented March 2018**
  - **The Postal Service has implemented an optional SCF preparation level that will allow mailers to presort and dropship machinable parcels to an eligible DSCF**
  - **This will be allowed only after the mailer has completed a full 5 digit sortation to be dropped at the DDU so that only the “residual” pieces from that preparation will be dropped at the nearby DSCF**
  - **In addition, the current pricing & service standards for DNDC entry will remain in effect for the DSCF option.**

## RDU Master Data

- Identifies USPS PRS acceptance and dispatch facilities
- Maintains PRS current and potential RDU/RSCF locations
- Compatible with single and bulk data updates
- Drill down capabilities to specific area, district, state, zip code, or facility
- Assigns unique codes to identify PRS partners' approved facilities
- Lists USPS facility ID's
- Updated lists are provided to PRS partners quarterly

## Updates

- **Held three meetings on improving volumes and efficiency for both the Postal Service and the industry**
- **Conducted a survey within USPS and the industry (results to the right) to determine specific fields to focus more deeply on improving. The four targeted fields are:**
  1. **Performance Improvement Opportunities**
  2. **Training for USPS Facility Personnel**
  3. **Acceptance Scanning**
  4. **Surface Visibility/99M Scanning Visibility (merged)**
- **Next steps will involve forming subgroups to cover the above four topics, identify details within each, and form solutions**

# **Bulk Proof of Delivery (BPOD) Letters**

**Goal:** Provide both consumer and commercial customers that request Proof of Delivery (POD) with the complete address of where mail was delivered.

**Proof of Delivery** allows customers to receive signature proof of delivery records for applicable mailpieces without requesting them individually or attaching PS Form 3811, *Domestic Return Receipt*, on each mailpiece (if applicable).

Currently, the Postal Service provides the following (via email for individual requests and PDF files for commercial mailers):

- a scanned copy of the customer's signature (when applicable)
- City, State and ZIP Code only

Letter Standardization scheduled for release **July 15, 2018**

# IMD Full Acceptance

“Full Acceptance” captures mailpiece data to include postage, fees, class of mail, amount of insurance coverage, etc., at the time of mailing

- Improves visibility to products and Extra Services purchased at sites with Retail Outlet Software (RSS)

- Aligns piece level Extra Services with all other USPS and Commercial

An Intelligent Mail Device (IMD) is a hand-held scanning device used at non-RSS Sites for “Full Acceptance” and is similar to:

- Enables online claims and service refunds
  - Shipping Services File data from commercial channels
  - Data obtained at USPS RSS sites and Self-Service Kiosks (SSKs)

# **Mapping Group E PO Boxes (No-Fee Post Office Box/Renewal Notice/Annual Verification)**

Currently, 1.3 million Group E Post Office Boxes (POBs) are in use by USPS customers in lieu of street delivery.

- When Group E customers place orders that exclude delivery to POBs, packages shipped bear an undeliverable physical street address.
  - Packages are often returned to the sender as undeliverable as addressed (UAA).

- Mapping the Group E POB to a street address will allow packages to be reassigned to their actual Group E POB to:
  - Reduce UAA mail
  - Improve customer satisfaction

# Mapping Group E PO Boxes

## Implementing June 30, 2018:

- A “Group E” data file maps physical street address to associated POB.
- Unit scanning equipment uses “Group E” data file to produce audible and/or visual alerts to “hold out” packages mapped in data file.
- Packages are held aside and a delivery point label with the assigned Group E POB address is printed and affixed.
- Packages are delivered to the Group E customer’s POB address following routine procedures.
- Annually Notice 32-N, No-Fee Post Office Box Renewal Notice/Annual Verification will be required.

## Priority Mail Express Label 11-B/F

**Goal:** Update existing label to improve the customer experience and ensure sender & recipient information is legible for accurate delivery.

**Redesigned Form Changes:**

- Moved from 3-Ply to Single Ply
- Added Quick Response (QR) code for tracking
- Improved legibility of sender's & recipient's address information to reduce the number of items that are undeliverable
- Peel-off section for Corporate Account information
- Updated Claims & Refunds information

**Money-back Guarantee:** If the mailer submits an item at a designated USPS® Priority Mail Express® acceptance location on or before the specified deposit time, the Postal Service will deliver or attempt delivery to the addressee or agent before the applicable delivery date and time. Mailer may request the addressee's signature from the addressee upon delivery of the item by checking the "signature required" box at the time of mailing. If the Postal Service does not deliver or attempt delivery by the specified time and the mailer files a valid claim for a refund, the Postal Service will refund the postage, unless an exception applies. See *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®) 604.9.5.5* which is available at [pe.usps.com](http://pe.usps.com).

**Customer Retains This Copy**

**Note:** The Postal Service does not offer money-back guarantee for military or DPO shipments delayed due to customs inspections or the item was destined for an APO/FPO/DPO that was closed on the intended day of delivery or the delay was caused by one of the situations in DMM 604.9.5.5. Consult [USPS.com](http://USPS.com) or your local Post Office for information on delivery commitments and Priority Mail Express Military Service (PMEMS). For details, see DMM 703.2.6, which is available at [pe.usps.com](http://pe.usps.com).

When a mailer submits a Priority Mail Express item requiring a signature and the Postal Service cannot deliver the item on the first attempt, the Postal Service leaves a notice for the addressee. If the addressee does not claim the item within 5 calendar days, the Postal Service returns the item to the sender at no additional charge.

**Insurance coverage:** The Postal Service provides insurance only in accordance with postal regulations in the DMM, which is available at [pe.usps.com](http://pe.usps.com). The DMM sets forth the specific types of losses that are covered, the limitations on coverage, terms of insurance, conditions of payment, and adjudication procedures. Certain items are not insurable. The DMM consists of federal regulations, and USPS personnel are not authorized to change or waive these regulations or grant exceptions. A mailer who requires information on Priority Mail Express insurance may contact the Postal Service before submitting an item. Limitations prescribed in the DMM provide, in part, that:

1. Insurance coverage extends to the actual value of the contents at the time of mailing or the cost of repairs, not to exceed the insured limit for the item.

2. The Postal Service insures the contents of Priority Mail Express "merchandise" items (with "merchandise" defined by postal regulations) against loss, damage, or missing contents. The Postal Service includes coverage up to \$100 per mailpiece at no additional charge. Additional merchandise insurance up to \$5,000 per mailpiece may be available for purchase. Additional insurance for Priority Mail Express items is not available unless a signature is required.
3. The Postal Service insures "nonnegotiable documents" (as defined by postal indemnity regulations) against loss, damage, or missing contents up to \$100 per mailpiece for document reconstruction, subject to additional limitations for multiple pieces lost or damaged in a single catastrophic occurrence. Document reconstruction insurance provides reimbursement for the reasonable costs incurred in reconstructing duplicates of nonnegotiable documents mailed. Document reconstruction insurance coverage above \$100 per mailpiece is not available. The mailer should not attempt to purchase additional document insurance, because additional document insurance is void.
4. The Postal Service insures "negotiable items" (defined by postal regulations as items that can be converted to cash without forgery), currency, or bullion up to a maximum of \$15 per mailpiece.
5. The Postal Service does not provide coverage for consequential losses due to loss, damage, or delay of Priority Mail Express items or for concealed damage, spoilage of perishable items, and articles improperly packaged or too fragile to withstand normal handling in the mail. Coverage, terms, and limitations are subject to change. For additional limitations and terms of coverage, consult the DMM, which is available at [pe.usps.com](http://pe.usps.com).

**Indemnity Claims (Loss, Damaged or Missing Contents):** Either the mailer or the addressee may file an indemnity claim for loss, damaged or missing contents. The claimant may submit the claim online at [usps.com](http://usps.com), or by mail; for more information see Publication 122, *Domestic Claims, Customer Reference Guide*. The timelines for claims are as follows: claims for loss – no sooner than 7 days but no later than 60 days after the date of mailing; claims for damage or missing contents – immediately but no later than 60 days from the date of mailing. Retain the original USPS retail receipt or eReceipt/electronic receipt for claims purposes. For claims involving damage or missing contents, also retain the article, container, and packaging for Postal Service inspection when requested.

**Refund of Postage and Fees (Service Performance):** If delivery of a Priority Mail Express (PME) item does not meet the scheduled delivery commitment(s), online and commercial customers may submit a refund request by visiting [USPS.com](http://USPS.com). Retail customers may submit a refund request either online at [USPS.com](http://USPS.com) or at retail locations. Refund requests for postage must be submitted no later than 30 days from the date of mailing; Extra Services fees refund requests must be submitted no later than 60 days from the date of mailing. Each tracking number can only be submitted once for all applicable refunds. Refund requests for PME or PME with Extra Services must be combined into a single submission.

*Thank you for choosing Priority Mail Express service.*
