Service Performance Update

IMB® Periodicals FY13 thru FY18 Performance By Quarter

Note: Preliminary FY18 Q4 results through August 31, 2018. Results starting FY17 Q1 are based on Days Left Group (DLG) approach, whereas all prior quarters' results are based on Last Processing Operation (LPO) approach. Service performance measurement was suspended for mail originating from or destined to Caribbean District starting September 16, 2017 due to the devastating impacts of Hurricanes Irma and Maria. Measurement resumed in FY18 Q3.

Service Performance Update

USPS Marketing Mail® FY13 thru FY18 Performance
By Quarter

Note: Preliminary FY18 Q4 results through August 31, 2018. Results starting FY17 Q1 are based on Days Left Group (DLG) approach, whereas all prior quarters' results are based on Last Processing Operation (LPO) approach. Service performance measurement was suspended for mail originating from or destined to Caribbean District starting September 16, 2017 due to the devastating impacts of Hurricanes Irma and Maria. Measurement resumed in FY18 Q3.

Service Performance Update

Commercial First-Class Mail® FY15 thru FY18 Performance By Quarter

Note: Preliminary FY18 Q4 results through August 31, 2018. Results starting FY17 Q1 are based on Days Left Group (DLG) approach, whereas all prior quarters' results are based on Last Processing Operation (LPO) approach. Service performance measurement was suspended for mail originating from or destined to Caribbean District starting September 16, 2017 due to the devastating impacts of Hurricanes Irma and Maria. Measurement resumed in FY18 Q3.

Postal employees are responsible for removing all labels and tags from trays when they are emptied of mail. Old tray labels should be thrown away and any tags should be collected and reused. Below is an excerpt from the MTE SOP for Processing Facilities:

General

All MTE must be inspected prior to containerizing to ensure all mail has been removed. Any mail trapped in MTE will almost certainly fail to be delivered timely. All mail found in MTE is to be brought to the attention of local management to ensure expedited handling and reporting.

All trash must be removed from MTE before returning to Mail Transport Equipment Service Centers (MTEESC). **All labels, placards, and residual signage** (i.e. “HAZMAT”, “Code Red”, etc.) must be removed from all MTE when emptied.
