USPS PICTURE PERMIT™ indicia PRODUCT REQUIREMENTS

I. BACKGROUND AND PRODUCT DESCRIPTION

The Postal Service worked with the mailing industry to identify, develop and define win-win marketing opportunities which will improve mail performance. The development of the USPS Picture Permit™ indicia (PPI) is one such initiative; to create an opportunity for organization to use the permit indicia space of the mailpiece as prime real estate for branding and advertising their offerings. PPI provides organizations the creativity and flexibility to customize the permit indicia space of First-Class Mail® letters and postcards and USPS Marketing Mail™ letters by adding business-related images such as their corporate logo, brand image or trademark (color images only). PPI is designed to improve the mailpiece's visibility and impact as a marketing tool.

III. REGISTRATION AND APPLICATION REQUIREMENTS

Application Process:

Step 1: Go to Business Customer Gateway/Mailing Services/Picture Permit: <https://gateway.usps.com/eAdmin/view/signin> to register and upload a pdf file of an addressed mailpiece showing envelope/postcard dimensions, clear zone and proposed Picture Permit design

Step 2: Once registered and customized image is received, the organization will confirm the application has been reviewed and approved. Application status will be posted on the BCG Dashboard.

Step 3: If your user id does not have any Permit Indicia (PI) or OMAS Indicia (OI) permits for the CRIDS you are authorized for. Please return to the USPS Business Customer gateway and

USPS PICTURE PERMIT™ indicia PRODUCT REQUIREMENTS

request Picture Permit Indicia access for one or more of your business locations which have a PI or OI permit.

Step 4: Mailpiece Design Analyst Evaluation Process

4.1 MDA Evaluation Requirements

Letter Mail conforming to DMM 604.5.4, Picture Permit Imprint Indicia (PPII), shall undergo the Mailpiece Design Analyst evaluation process which takes approximately 2-3 business days as long as the sample mailpiece meet all the technical requirements. Mailers will be able to follow the approval status on the Business Customer Gateway Dashboard.

Mailers shall provide a pdf production sample which will replicate what will be printed and produced in the live mailstream. The sample mailpiece must include the following requirements:

- Color image shall not contain embedded text or numbers.
- Color image shall not have a drop shadow on any edge.
- PPII area (including .50" left and bottom clear zone) to be on white background (no reverse print).
- PPII shall be positioned in upper right-hand corner with "clear zones" as shown in Fig. B.
- Overall width of longest text line shall not be less than width of image as shown in Fig. C.
- All mail class text to conform to the approved template provided by USPS.
- No disk mailers, reusable envelopes, perforated folded self-mailers, windowed envelopes.
- Does not exhibit any of the non-machinable criteria listed in DMM 101.1.2.

*For more details please review the Picture Permit Technical Requirements document.

Please mail samples to:

U.S. Postal Service
Attn: USPS Picture Permit™ indicia Program Office
475 L'Enfant Plaza SW, RM 2P916
Washington, DC 20260-5538

USPS® Engineering will then test the designed mailpieces. If the proposed PPI passes these tests, the PO will request a mailing schedule, including dates and volumes.

IV. MAILING SUBMISSION REQUIREMENTS

Documentation/Postage Statement: Mailings must be submitted electronically via mail.dat, or mail.xml. Mailings that are prepared and entered by an entity other than the mail owner must indicate the owner's

identity in the electronic documentation ("eDoc"). The eDoc must identify the mail owner and mail preparer in the By/For fields by Customer Registration ID (CRID).

USPS PICTURE PERMIT™ indicia PRODUCT REQUIREMENTS

Participating mailers will be required to affirmatively claim this product in the Extra Services section, Line S17, on the postage statement.

Postage Payment Method: Postage must be paid using a Permit Imprint.

Combined and Commingled Mailings: The following instructions are provided for mail owners using a Mail Service Provider to submit Picture Permit mail within a Combined mailing. Mailer must comply with all requirements for participation in the USPS Picture Permit™ indicia program including but not limited to the following:

1. Complete USPS Picture Permit™ indicia Program Requirements and obtain PO authorization.
2. Pay all applicable permit and annual fees.
3. Mailing must be submitted through eDoc (Mail.dat or Mail.xml).
4. Mail Owner and Mailing Agent must be identified in the eDoc.
5. A separate postage statement must be submitted for each Picture Permit mail owner. All pieces represented on the individual postage statement must be 100% Picture Permit.
6. Mailpieces must be entered as part of a automation mailing within an authorized First-Class Mail® or USPS Marketing Mail™ Combined Mailing.
 - a. Basic service automation pieces may be included and qualify for payment of the Picture Permit fee within the Combined mailing.
 - i. Pieces subject to the Picture Permit fee must be properly identified in the eDoc to reflect the total count in the Extra Services section of the postage statement.
 - b. Non-Automation price (machinable or presort) mailpieces may be submitted and qualify for payment of the Picture Permit fee under the following conditions:
 - i. Machinable/presort mailing is presented as a combined mailing and supported by electronic documentation and separate postage statement by client.

OR
 - ii. Machinable/presort mailing is presented as a separate identical weight presort mailing for just the Picture Permit pieces.
 - iii. Single-piece Picture Permit pieces may qualify for payment of the Picture Permit fee when prepared and presented in groups of 100 by ounce increment.
7. Picture Permit piece counts will be verified in conjunction with the Mail Piece Count Verification performed at time of acceptance.
8. Mail owner must be listed on Customer Mail Report.
9. Mail Service Provider must submit upon request a report by Picture Permit client showing the total number of pieces by qualifying ZIP CODE.

USPS PICTURE PERMIT™ indicia PRODUCT REQUIREMENTS

V. GENERAL PERMIT IMPRINT REQUIREMENTS

A mailer may be authorized to mail material without affixing postage when payment is made at the time of mailing from a permit imprint advance deposit account established with USPS. This payment method may be used for postage. Each mailpiece sent under this payment method must bear a permit imprint indicia showing that postage is paid.

A mailer may obtain a permit to use a permit imprint indicia and pay postage by submitting the Mailing Permit Application and Customer Profile, PS Form 3615, <http://about.usps.com/forms/ps3615.pdf>, and the applicable fee to the Post Office where mailings are made. There is no other fee for the use of a permit imprint indicia as long as the permit remains active, but other fees (e.g., an annual presort mailing fee) may be due depending on the class of mail to be prepared. For additional information on permit imprint requirements, see the link below:
