October 4, 2019

Southern Area – Houston District Tropical Storm Imelda Briefing

A briefing for our Industry partners is scheduled for Monday, October 7, 2019 at 2:00 p.m. (EDT) to provide an update on mail operations in the aftermath of Tropical Storm Imelda.

Due to structural damage to an isolated portion of the North Houston Processing and Distribution Center (P&DC) facility, a variety of actions have been taken, including redirecting some mail volume to other facilities.

Southern Area Vice President Shaun Mossman and his leadership team will provide an update on continuation of operation activities, current conditions, and ongoing efforts to minimize impacts and resume normal operations in the North Houston P&DC.

This is an advance Industry Alert so that you may schedule this briefing on your calendar. A second Industry Alert will be sent to you once the telecom dial-in numbers are available.
