1.0 Introduction

On Thursday, November 14, 2019, the United States Postal Service implemented the following software change:

- Package Platform Release 1.7.5.0

These Release Notes provide the contents of the release and affected subsystems.

The section titled ***Corrections to Known Issues*** is derived from External Trouble Reports (ETRs) and Engineering Change Requests (ECRs) for inclusion in this release.

This document is prepared based on the knowledge available at the time of its publication and any element may be subject to change prior to publication.

2.0 Package Platform – Corrections to Known Issues

2.1 Verify Service

The Verify Service data retrieval process has been updated to improve performance of the Mailer Review. Previously, the procedure did not properly use the database index for retrieval of the Mailer Review data, resulting in slow performance. 815-P
