*A User Group is designed to be an open “think tank” discussion with broad industry and USPS participation centered on a topic or theme relative to an MTAC Focus Area. **User Groups have no defined end date.***

A Work Group addresses a clearly defined issue, and works to accomplish a set of desired results by a specific date.

A Task Team is designed to quickly address and resolve a very specific issue with a small, focused team. Its scope is very narrow and its timeframe brief in order to drive a rapid (within days or weeks) response
