Expedited Packaging Supplies Orders will be Processed and Shipped within One Business Day of Order Receipt

Starting on October 1, 2022, Victory Packaging Supplies has committed to processing Expedited Packaging Supplies (EPS) orders and shipping the supplies to customers and post offices within one business day of order receipt.

Previously, it could take up to 72 hours to process expedited packaging supplies. This change applies to all EPS available on the Postal Store® website on usps.com. This update will ensure faster turnaround of expedited packaging supplies, so customers and post offices can receive and have supplies available for shipping.

Once orders are processed, these shipments are sent via Parcel Select® service within 2-5 business days at no cost to customers or post offices or via Priority Mail® service within 1-3 business days for a fee.

The Shipping Info section on the EPS product pages on the Postal Store® website has been updated to reflect this change.

Please email questions to expeditedpackaging@usps.gov.
