

# Appendix A: Service Type Identifier (STID) Details

The descriptions that follow show the Service Type Identifiers (STIDs) that apply to the basic automation and Full-Service options for Intelligent Mail. You may also wish to refer to the Intelligent Mail Barcode Technical Resources guide, which can be found at: <https://postalpro.usps.com/>.

Appendix A provides a detailed description of the various address correction options available within basic / Nonautomation and full-service mailings and the STIDs that provide the different undeliverable-as-addressed (UAA) treatments. Mailers who wish to receive address correction information on nonautomation mailpieces should use the corresponding STID for Basic / Nonautomation option mailpieces unless otherwise defined in Appendix A.

Appendix A is divided into:

- Mail Class (First-Class Mail®, Periodicals, USPS Marketing Mail®, and Bound Printed Matter)
- Miscellaneous (includes Priority Mail®, Reply Mail, and Share Mail®)
- Ballot Mail (for live ballots only)
- Political Mail (for campaign purposes)
- Numeric Order (all STIDs)

Each mail class has its page or set of pages and is indicated in the Header and Footer of each page. Within each class of mail, it is divided into:

- No address correction or ancillary services desired for handling of UAA mailpieces
- Manual address corrections or for other ancillary services not available in ACS
- OneCode ACS®
- Full Service ACS
- Traditional ACS

To use Appendix A, follow the below steps:

- Step 1 Determine the Class of Mail and select the page(s) for that mail class (indicated at the top and bottom of the page) to access the STID assignments for that mail class, or select the pages for the mail type (Ballot Mail, Political Mail, Miscellaneous).
- Step 2 Determine the Mailing Type - Basic / Non-Automation or Full-Service for that mail class (when applicable).
- Step 3 Determine if you want to receive Informed Visibility® - Mail Tracking and Reporting (IV-MTR) scan data.
- Step 4 Determine whether or not you want to receive electronic address corrections via ACS™.
- Step 5 Determine what type of ACS record you want; OneCode ACS, Full Service-ACS, or Traditional ACS,
- Step 6 Select the Mailpiece Disposition desired for any UAA mail. Note that Mailpiece Dispositions are often similar with minor differences. Select the Mailpiece Disposition that best meets your needs.
- Step 7 Determine whether the associated Mailpiece Disposition requires the printed Ancillary Service Endorsement (ASE). If not, skip to Step 9.
- Step 8 Determine whether to use a “Recommended Ancillary Service Endorsement (ASE)” or an “Allowable ASE” on your mailpiece by checking the column “Action taken if barcode unreadable”.
- Step 9 Understand the postage and/or fees, if any, that will be associated with the use of the STID and/or the ancillary service requested.
- Step 10 Check the Constraints and the Notes columns for applicable information.
- Step 11 When you are certain that you have correctly identified all options and understand the Constraints and Notes, use the STID specific to that line item when you create the IMb.

Point of information – within each class the text color denotes the address correction notice type.

- Black = No address correction
- Red = Manual address correction
- Blue = OneCode ACS
- Green = Full Service ACS
- Purple = Traditional ACS

**IMPORTANT NOTE:** If any discrepancy exists between this document (Appendix A: Service Type Identifier Details) and the *DMM® Mailing Standards of the United States Postal Service*, the *DMM* always takes precedence. For the most current *DMM*, go to the Postal Explorer Web site, (<http://pe.usps.gov>) and click on *Domestic Mail Manual*. Any procedure in this publication can be amended or rescinded by notices in the *Postal Bulletin*, *Federal Register*, or the *DMM*.

## Change History

Section	Date	Description of Change
First-Class Mail	7/23/2013	Added: Return Service Requested, Option 2
First-Class Mail	7/23/2013	Added: Temp-Return Service Requested, Option 2
Standard Mail	7/23/2013	Added: Address Service Requested, Option 2
Standard Mail	7/23/2013	Added: Return Service Requested, Option 2
Bound Printed Matter	7/23/2013	Added: Address Service Requested, Option 2
Bound Printed Matter	7/23/2013	Added: Return Service Requested, Option 2
First-Class Mail	1/26/2014	Added: Address Service Requested, Option 1
First-Class Mail	1/26/2014	Added: Change Service Requested, Option 1
Bound Printed Matter	1/26/2014	Added: Change Service Requested with SPF for Traditional ACS SPF
First-Class Mail	4/2/2015	Added: Secure Destruction (STIDs provided at enrollment)
Standard Mail	4/2/2015	Added: Change Service Requested, Option 2 for Standard Mail
Bound Printed Matter	4/2/2015	Added: Change Service Requested, Option 2 for Bound Printed Matter
Bound Printed Matter	5/22/2016	Added: IV-MTR STIDs with and without ACS.
First-Class Mail	5/22/2016	Changed: Secure Destruction details
Ballot Mail	9/1/2018	Added: Ballot Mail STIDs
Periodical	2/23/2019	Added: Periodicals with Alternative Address
Political Mail	7/27/2020	Added: Political Mail STIDs
Ballot Mail	1/23/2022	Added: Ballot Mail STIDs
Political Mail	1/23/2022	Added: Political Mail STIDs
Full-Service Mail	7/9/2023	Removed: Manual Address Correction STIDs for Full Service Mail
First-Class	7/20/2023	Correction to STIDs 040 and 700
Ballot Mail	1/21/2024	Removed: Change Service Requested Option 1 STIDs for Ballot Mail

## Search Words

Care has been taken to use consistent wording throughout this document whenever possible. Search Words may be used to help you find the Service Type ID that you need. The following is not a complete list but may help get you started with your investigation.

Search by Mail Class and/or IMb Service Option. For example:

- Full-Service or Full-Service ACS
- First-Class Mail
- Basic Nonautomation
- Periodical
- USPS Marketing Mail
- Bound Printed Matter
- OneCode ACS
- Traditional ACS
- Manual
- IV-MTR
- Ballot
- Political

Search by your desired UAA mail disposition. For example:

- Forward if possible
- Discarded
- Returned to sender
- ACS notice provided
- Manual address correction
- No address correction

Search by Ancillary Service Endorsement (if known):

- Address Service Requested
- Change Service Requested
- Return Service Requested
- Temp-Return Service Requested
- Electronic Service Requested
- Forwarding Service Requested

## First Class Mail

STID	Address Correction Notice Type	IMb Service Option	ACS Notice Provided to Mailer	IV® MTR	Mailpiece Disposition	Requires Printed Ancillary Endorsement	Recommended ASE Printed on Mailpiece	Allowable ASE Printed on Mailpiece	ACS Option	Fees	Meets Move Update Requirements	Constraints / Notes	Action taken if barcode is unavailable or invalid (and based on recommended (A) or allowable (B) printed ancillary service endorsement, if present)
300	None	Basic / Nonautomation First-Class Mail	No	None	Forward if possible. All other UAA returned to sender with reason for non-delivery attached	No	Not Allowed	Not Allowed	N/A	N/A	No	No printed endorsement allowed	Same as Mailpiece Disposition

All other UAA returned to sender with reason for non-delivery attached.	Yes	Address Service Requested	Address Service Requested	N/A	Manual address correction fee charged for Form 3547	Yes		Same as Mailpiece Disposition
					Forward if possible. All other UAA returned to sender with reason for non-delivery attached.	No	Forwarding Service Requested	Forwarding Service Requested		No	No printed endorsement required	Treatment is the same as unendorsed First-Class Mail.	
					All UAA mail returned to sender with reason for non-delivery or new address attached.	Yes	Return Service Requested	Return Service Requested		Yes	Same as Mailpiece Disposition		
					Mail forwarded for Temporary COA, all other UAA mail return to sender with reason for non-delivery or (permanent) new address attached.	Yes	Temp-Return Service Requested	Temp- Return Service Requested		Yes	Same as Mailpiece Disposition		
700	Manual	Basic / Nonautomation First-Class Mail	No	None	Forward if possible; manual (Form 3547) address correction notice provided. All other UAA returned to sender with reason for non-delivery attached.	Yes	Address Service Requested	Address Service Requested	N/A	Manual address correction fee charged for Form 3547	Yes		Same as Mailpiece Disposition
					Forward if possible. All other UAA returned to sender with reason for non-delivery attached.	No	Forwarding Service Requested	Forwarding Service Requested		No	No printed endorsement required	Treatment is the same as unendorsed First-Class Mail.	
					All UAA mail returned to sender with reason for non-delivery or new address attached.	Yes	Return Service Requested	Return Service Requested		Yes	Same as Mailpiece Disposition		
					Mail forwarded for Temporary COA, all other UAA mail return to sender with reason for non-delivery or (permanent) new address attached.	Yes	Temp-Return Service Requested	Temp- Return Service Requested		Yes	Same as Mailpiece Disposition		
230	OneCode ACS	Basic / Nonautomation First-Class Mail	Yes (OneCode ACS purchased separately)	None	Forward if possible; ACS notice provided. All other UAA returned to sender with reason for non-delivery attached.	No	Electronic Service Requested (A)	Address Service Requested (B)	Option 1	Automated or Electronic address correction fee charged for OneCode ACS. OneCode ACS is free for qualifying Full-Service mailers.	Yes	Requires a OneCode ACS account with the National Customer Support Center ACS Department. For assistance, contact acs@usps.gov	(A) If ESR or no printed endorsement, Forward if possible, no address correction provided. All other UAA returned to sender with reason for non-delivery attached. (B) If ASR, Forward if possible; manual (Form 3547) provided. All other UAA returned to sender with reason for non-delivery attached.
220	OneCode ACS	Basic / Nonautomation First-Class Mail	Yes (OneCode ACS purchased separately)	with IV® MTR	Forward if possible; ACS notice provided. All other UAA returned to sender with reason for non-delivery attached.	No	Electronic Service Requested (A)	Address Service Requested (B)	Option 1	Automated (letters) or Electronic (flats) address correction fee charged for OneCode ACS. OneCode ACS is free for qualifying Full-Service mailers.	Yes	Requires a OneCode ACS account with the National Customer Support Center ACS Department. For assistance, contact acs@usps.gov	(A) If ESR or no printed endorsement, Forward if possible, no address correction provided. All other UAA returned to sender with reason for non-delivery attached. (B) If ASR, Forward if possible; manual (Form 3547) provided. All other UAA returned to sender with reason for non-delivery attached.
080	OneCode ACS	Basic / Nonautomation First-Class Mail	Yes (OneCode ACS purchased separately)	None	Forward if possible. All other UAA returned to sender with reason for non-delivery attached. ACS notice provided in both cases.	No	Electronic Service Requested (A)	Address Service Requested (B)	Option 2	Automated (letters) or Electronic (flats) address correction fee charged for OneCode ACS. OneCode ACS is free for qualifying Full-Service mailers.	Yes	Requires a OneCode ACS account with the National Customer Support Center ACS Department. For assistance, contact acs@usps.gov	(A) If ESR or no printed endorsement, Forward if possible, no address correction provided. All other UAA returned to sender with reason for non-delivery attached. (B) If ASR, Forward if possible; manual (Form 3547) provided. All other UAA returned to sender with reason for non-delivery attached.
140	OneCode ACS	Basic / Nonautomation First-Class Mail	Yes (OneCode ACS purchased separately)	with IV® MTR	Forward if possible. All other UAA returned to sender with reason for non-delivery attached. ACS notice provided in both cases.	No	Electronic Service Requested (A)	Address Service Requested (B)	Option 2	Automated (letters) or Electronic (flats) address correction fee charged for OneCode ACS. OneCode ACS is free for qualifying Full-Service mailers.	Yes	Requires a OneCode ACS account with the National Customer Support Center ACS Department. For assistance, contact acs@usps.gov	(A) If ESR or no printed endorsement, Forward if possible, no address correction provided. All other UAA returned to sender with reason for non-delivery attached. (B) If ASR, Forward if possible; manual (Form 3547) provided. All other UAA returned to sender with reason for non-delivery attached.
504	OneCode ACS	Basic / Nonautomation First-Class Mail	Yes (OneCode ACS purchased separately)	None	All UAA mail discarded: ACS notice provided.	No	Electronic Service Requested (A)	Change Service Requested (B)	Option 1	Automated (letters) or Electronic (flats) address correction fee charged for OneCode ACS. OneCode ACS is free for qualifying Full-Service mailers.	Yes	First-Class Mail can be discarded only if ACS can be generated, therefore if the IMb cannot be read, and the allowable printed endorsement "Change Service Requested" is used, the mail may be treated as if endorsed "Return Service Requested" and will be returned to the sender if UAA.	(A) If ESR or no printed endorsement, Forward if possible, no address correction provided. All other UAA returned to sender with reason for non-delivery attached. (B) If CSR1, All UAA returned to sender with reason for non-delivery attached.

## First Class Mail

STID	Address Correction Notice Type	IMb Service Option	ACS Notice Provided to Mailer	IV® MTR	Mailpiece Disposition	Requires Printed Ancillary Endorsement	Recommended ASE Printed on Mailpiece	Allowable ASE Printed on Mailpiece	ACS Option	Fees	Meets Move Update Requirements	Constraints / Notes	Action taken if barcode is unavailable or invalid (and based on recommended (A) or allowable (B) printed ancillary service endorsement, if present)
