

NCOA^{Link}® Software Developer Certification Procedures

Attention Developers: Developer is prohibited from representing to third parties that USPS has certified Developer's software product until USPS issues a software certification notice to Developer as described in Step 4, below. Prior to receiving the software certification notice from USPS, Developer may only represent that it has "applied" to receive software certification, and is prohibited from making any representations or warranties as to the availability of its software and/or the ability of its software to support the NCOA^{Link} product.

A certification package must be completed for each individual site involved in development of interface software.

Full requirements are set forth in the USPS NCOA^{Link} License Agreements and related documents. In the event of a conflict between this document and the standard NCOA^{Link} License Agreement, the terms of the NCOA^{Link} License Agreement prevail.

The following material describes the process for a Developer to qualify for a license and certify an NCOA^{Link} software interface. Information for each step of the certification process is included.

Developer must submit all materials to USPS at the following address:

NCOA^{Link} PRODUCT DEPARTMENT
NATIONAL CUSTOMER SUPPORT CENTER
UNITED STATES POSTAL SERVICE
225 N HUMPHREYS BLVD STE 501
MEMPHIS TN 38188-1001
FAX: 650-577-5773

Step 1. Application and Self-Certification Statement Approval

The following documentation must be completed and submitted by Developer and approved by the USPS:

- Application
- Confidentiality Statement
- Self-Certification Statement
- Key Personnel Listing
- Security Documentation

USPS will notify Developer if it determines that Developer has completed Step 1 to the satisfaction of USPS.

Step 2. Software Development

Upon successful completion of Step 1 as evidenced by USPS's issuance of a notice to Developer, USPS will forward a standard NCOA^{Link} Software Development License Agreement ("License Agreement") for signature. **The NCOA^{Link} License Agreement must be signed by an officer who possesses the necessary legal authority to sign on behalf of the company, firm, or organization.** Upon receipt of the original signed NCOA^{Link} Software Developer License Agreement, the USPS Contracting Officer's Representative will execute the license agreement and a copy of the executed license agreement will be mailed to the Developer. An invoice for the initial license fee will be mailed separately.

Payment must be received within ten (10) calendar days from receipt of the executed license agreement. Once payment is received USPS will Priority Mail® the Software Developer Kit (SDK) to the new NCOA^{Link} Developer.

The SDK will include a Software Developer Guide (SDG), sample code and sample data to facilitate software development. Developer's software interface must meet the requirements set forth in the SDG and the Software Performance Requirements (SPR). USPS will provide Developer with SPR for USPS Full Service, Limited Service and End User NCOA^{Link} product Licensees. Refer to the specific SPR for the service level that will be utilizing the software.

An NCOA^{Link} Stage I test file will be available for testing through the assigned internet account. This file will contain test questions and the expected answers.

NOTE: All source code designed to access the secure data store technology of NCOA^{Link} shall be considered Confidential Information and is subject to the provisions of the Confidentiality Statement.

Step 3. NCOA^{Link} Testing & Certification

Developer must submit to USPS a written request and a Software Product Information Form requesting that USPS perform an NCOA^{Link} certification test. The USPS will notify Developer when it has sent a test file. (While NCOA^{Link} testing will usually occur remotely, USPS reserves the right to perform testing on-site and/or request a copy of Developer's software interface for testing purposes.)

The following items are tested in Step 3:

- Ability to correctly process test files
- Ability to provide new addresses in accordance with NCOA^{Link} product requirements
- Ability to produce output file with appended flags
- Understanding and performance of administrative requirements which includes processing the certification test and submitting the proper paper work and/or reports.

If USPS determines that Developer fails the initial certification test, Developer may submit to USPS a written request for an additional certification test. USPS will require payment of the re-testing fee for each additional certification test.

Step 4. USPS Interface Certification

Upon USPS determining that Developer has successfully completed Steps 1 - 3, USPS will issue a software certification notice to Developer.

Developer's NCOA^{Link} interface software MAY NOT be used, sold and/or distributed for use unless the party using Developer's NCOA^{Link} interface software has entered into a standard NCOA^{Link} product license agreement with USPS. In the event Developer desires to sell or distribute its software to third parties, Developer must enter into a separate license agreement with USPS.

Terms and Conditions of Application for License

1. Applicant understands and agrees that: (a) the NCOA^{Link} product may only be used by Applicant or parties using Applicant's NCOA^{Link} software program(s) ("software") to update existing mailing lists that are used to prepare mail for the purpose of acceptance and delivery by the United States Postal Service; (b) Applicant must represent to parties interested in using its software that use of Applicant's software is restricted to parties that have been approved to enter into NCOA^{Link} product license agreements with the United States Postal Service (USPS); and (c) Applicant (if it enters into an NCOA^{Link} product license agreement for the sale of its software) is prohibited from selling and/or distributing its software to any party that is not approved for a USPS NCOA^{Link} product license.
2. Prior to consideration for an NCOA^{Link} Software Developer license, Applicant must demonstrate its capability of software development, support and maintenance to the sole satisfaction of USPS. **Applicant must submit the Self-Certification Statement, along with this Application** to enable USPS to make this determination.
3. Applicant is not eligible to receive an NCOA^{Link} Software Developer Interface Certification prior to USPS: (a) completing its acceptance testing of the software, (b) determining, in its sole discretion, that the testing is successful, and (3) certifying the Applicant's specific NCOA^{Link} software.
4. Applicant is prohibited from representing to third parties that USPS has certified Applicant's software until such time as Applicant receives a software certification notice from USPS. Prior to receiving the software certification notice from USPS, Applicant may only represent that it has "applied" to receive software certification, and is prohibited from making any representations or warranties as to the availability of its software and/or the ability of its software to support the NCOA^{Link} product.

5. USPS is not liable for any and all costs incurred by the Applicant, its affiliates, agents or employees for the submission of this Application and related materials, or the development or testing of Applicant's proposed NCOA^{Link} software.
6. Applicant is in good standing under all existing license agreements with USPS, if any, and has received no notice of warning, suspension or termination from USPS relating either to a current or expired USPS license agreement.
7. USPS may elect not to award Applicant a Software Developer license agreement in the event that USPS determines that Applicant has violated any of the terms and conditions set forth above.
8. Applicant shall submit written notice to USPS of any material change to the information submitted as part of the application and supporting documents within thirty (30) days of the occurrence of such change.

I hereby affirm that I have read and fully understand the terms and conditions listed above. I, my company, and/or firm agree to meet these terms and conditions as a prerequisite to applying for or obtaining a USPS NCOA^{Link} Software Developer License Agreement. I affirm that I am an officer of the company, firm or organization and that I possess all necessary legal authority to sign on behalf of the company, firm, or organization. The materials submitted to USPS are true and complete to the best of my knowledge and belief. I understand that submission of false, fictitious or fraudulent statements or representations may be grounds for USPS terminating or suspending any License Agreement and may be punishable by fine or imprisonment (U.S. Code, Title 18, Section 1001).

Step 1
NCOA^{Link}® Software Developer
Confidentiality Statement

All material supplied in connection with the application for and use of NCOA^{Link} Product contains trade secrets and/or confidential technical, commercial, or other information not generally available to the public. This document, and all other material provided in connection with NCOA^{Link} technology and the data and information contained therein shall not be used, duplicated or disclosed to third parties, in whole or in part, for any purpose, without the prior express written consent of the United States Postal Service.

I hereby affirm that I have read and fully understand the terms and conditions listed above. I, my company, and/or firm agree to meet these terms and conditions as a prerequisite to using the NCOA^{Link} Product. I, my company, and/or firm further agree to continue to abide by this Confidentiality Statement whether or not the USPS awards an NCOA^{Link} License to me, my company, and/or firm. This Confidentiality Statement shall not be superseded by the award or entry into of an NCOA^{Link} License or any other agreement with the United States Postal Service, unless such agreement specifically refers to this Confidentiality Statement. I affirm that I am an officer of the company, firm or organization and that I possess all necessary legal authority to sign on behalf of the company, firm, or organization.

FAX: 650-577-5773

Step 1
NCOA^{Link}® Software Developer
Self-Certification Statements

The following provides clarification and specifics for Item 2 of the Application. This must be provided for evaluation along with the Application.

1. A narrative describing the nature of the applicant's business, with emphasis on its experience in software development, support and maintenance.
2. A description of how the applicant plans to utilize NCOA^{Link} technology as part of its business or service offering.
3. Key Personnel list (attached)
4. Centralized distribution email address (refer to Section 8.5 in the NCOA^{Link} Software Performance Requirements)
5. Complete the attached Security Documentation

After review of the provided information, the USPS will notify the applicant in writing of the acceptance or rejection of its license application.

Step 1
NCOA^{Link}® Software Developer
Security Documentation

Once the software is loaded onto an NCOA^{Link} server, please provide a narrative on how the NCOA^{Link} technology will be secure. A diagram and/or flowchart describing the specific measures may be provided. (Attach separate documents if necessary).

Step 3
NCOA^{Link}® Software Developer
Software Product Information

Hardware and software used to interface with the NCOA^{Link} data:

Company Name & License Number : _____

Platform or Operating System : _____

NCOA^{Link} Software Vendor : _____

NCOA^{Link} Software Product Name : _____

NCOA^{Link} Software Product Version : _____

Is Software Hardware Dependent? : _____

Address Matching ZIP + 4[®] Product Name : _____

Address Matching ZIP + 4 Product Version: _____

CASS Certification Options:

- Open System – Defined as having the ability to modify, adjust, or tweak the application in a manner that will affect the applications ZIP + 4 matching decisions. Developers using an Open System must independently obtain CASS certification for the system.

- Closed System – Defined as **NOT** having the ability to modify, adjust, or tweak the application in a manner that will affect the applications ZIP + 4 matching selection or decisions. Developers using a Closed System will not be required to obtain separate CASS certification for the system.

DPV[®] Product Name: _____

DPV Product Version: _____

LACS^{Link}® Software Product Name: _____

LACS^{Link} Software Product Version: _____

NCOA^{Link} Software options:

- Integrated – Address Matching and NCOA^{Link} software are integrated into a single software package.
- Standalone – Address Matching and NCOA^{Link} software are separate software packages.
- ANK^{Link} Enhancement (**applicable to Limited Service Provider and End User levels only**)
- HASH** **FLAT** **BOTH**

Service Level Option:

- Full Service Provider
- Limited Service Provider
- End User

NOTE: Checklists for all supporting documents will be available at time of testing. The USPS shall not be obligated to pay any costs incurred in preparing any technical proposal, software development costs, or testing costs regardless of whether or not the USPS awards an NCOA^{Link} Software Developer License to the applicant.

Note: Please mark any item as N/A if it is not applicable.

Step 4

NCOA^{Link} Software Developer Execution of License

Upon USPS determining that Developer has successfully completed Steps 1 - 3, USPS will issue a software certification notice to Developer. **Developer's NCOA^{Link} interface software MAY NOT be used, sold and/or distributed for use unless the party using Developer's NCOA^{Link} interface software has entered into a standard NCOA^{Link} product license agreement with USPS. In the event Developer desires to sell or distribute its software to third parties, Developer must enter into a separate license agreement with USPS.**
