

United States Postal Service®

INDUSTRYALERT

Welcome to the April 2018

Mail Spoken Here – NPF edition

The electronic newsletter summarizing recent USPS news and developments

Presenting the National Postal Forum (NPF)

The NPF is the mailing and shipping industry's premier educational venue, trade show and networking event. This is the only event that brings together all senior level USPS executives, leaders of the mailing and shipping industry as well as the industry's major suppliers and partners. The annual NPF attracts more than 4,000 industry professionals each year, providing convenient access to current postal policies, bulk mailing standards, emerging industry trends and cutting-edge technology. You can't afford to miss this opportunity to listen and learn from the industry's champions of mail!

Attention! NPF registration closes Wednesday, April 25!

Please visit <http://npf.org/> to register.

Highlights at the National Postal Forum San Antonio, Texas May 6 – 9, 2018

National Meeting of Areas Inspiring Mail (Sunday, 9:00 a.m. - 10:30 a.m.)

- The National Meeting of Areas Inspiring Mail (AIM) will have three panel discussions. Join Dave Williams, Chief Operating Officer and Executive Vice President (EVP), as he leads a discussion on Inspiring Service Solutions. Kristin Seaver, Chief Information Officer & EVP will lead the Inspiring Technology Solutions Panel and Jakki Krage Strako, Chief Customer and Marketing Officer & EVP (A) will lead the Inspiring Growth Solutions panel. This National Meeting builds upon the collaboration and outreach that occurs throughout the year at the Area meetings.

Postal Customer Council Opening Session: A Symposium on Leadership (Sunday, 11:00 a.m. – 12:30 p.m.)

- Join the Postmaster General and members of her USPS Executive Leadership Team – Chief Human Resource Officer and EVP Jeff Williamson and Chief Operating Officer and EVP Dave Williams, as they reaffirm their commitment to the PCC community and provide leadership insights. Learn how PCC's nationwide are using leadership to drive growth, membership and education to communicate with mailers and prospective PCC members. Plus, the session will feature a panel discussion by Gary Reblin – VP Product Innovation – and the partnership with the PCCs nationwide on reaching future mail leaders. Other speakers include guest speaker Wes Friesen – from the Portland PCC – and members of the PCC Advisory Committee who will be on-hand to share their experiences.

Postmaster General Keynote Address: Customer Experience Delivered (Monday, 8:00 a.m. – 9:30 a.m.)

- Join the Postmaster General as she shares opportunities to deliver a differentiated brand experience at the intersection of physical and digital. The combination of direct mail and digital marketing boosts consumer engagement and maximizes a brand's marketing efforts. Hear how the USPS prioritizes investments in technology and data analytics that power the mail experience, securing a larger role for mail in the marketing mix. Learn about new business opportunities to deliver more value for senders and receivers by leveraging the USPS' platform.

The Art and Science of Customer Connections, Chief Customer and Marketing Officer (Tuesday, 8:00 a.m. – 9:30 a.m.)

- Marketers are competing for attention across multiple channels and platforms – and successful companies are winning by combining art and science, tactile and digital, emotion and logic. Jakki Krage Strako, Acting Chief Customer and Marketing Officer, brings together industry leading creative thinkers from the fields of neuromarketing, Omni-channel marketing and direct marketing to showcase proven techniques to create deeper connections with customers.

Officer-Led Sessions

- These dynamic and informative sessions afford you an up close and personal opportunity to learn from key postal leaders and executives about topics that will help shape and guide the entire mailing and shipping industry into the future.
Visit PostalPro for more information: <https://postalpro.usps.gov/node/4956>

Workshops – It's All About Getting Informed

- More than 120 workshops are offered to provide in-depth knowledge, best practices and innovative strategies you can take back to your company and implement right away. The attached matrix provides a full listing of the workshops being offered.

The National Postal Forum (NPF) Exhibit Hall

At the NPF Exhibit Hall, located in the Henry B. Gonzalez Convention Center, you'll find 100+ Innovative Exhibitors, USPS Consultation Center, Wi-Fi Station, Daily and Grand Prize Drawing, USPS Sales Booth, Mailing Industry Resource Pavilion, Networking Center, Learning Lab and more.

Some of the Exhibit Hall Highlights:

- Informed Delivery Solutions Studio is a separate enclosed studio on the Exhibit Hall floor, where you will have the opportunity to meet one-on-one with Informed Delivery experts who will show you how to create Informed Delivery campaigns, watch live demos, and have all of your Informed Delivery questions answered. Do you want a high-level overview or a deep dive into Informed Delivery? We can cover it all!
- The NPF Learning Lab provides attendees in the Exhibit Hall a sneak preview of the hottest topics being addressed during the Forum. Featuring multiple mini-sessions daily, the NPF Learning Lab provides a well-balanced mix of education, direction and ideas – along with an "Ask

the Expert" station!

- At the USPS Consultation Center, customers can receive expert advice from industry and postal representatives on everything from mailing and shipping to marketing and online solutions. Find experts on Informed Visibility, Mailpiece Design, Global Mailing & Shipping, Mail Entry and Payment Technology, Pricing & Product Classification and more! You don't want to miss this opportunity to get the information you need from subject matter experts.
- The Resource Pavilion will have representatives from all of the major mailing and shipping industry associations available for consultation.
- USPS Sales Booth: After attending the sales sessions, drop by the USPS sales booth to meet with Postal leaders while you discover insights into the latest innovations and technologies that are being offered. While there you can vote on the Next Generation Mail campaign, try your hand at our Package Pick-Up game or create your own customized luggage tag and post cards.

Hours for the Exhibit Hall are:

- Monday, May 7, 2018 - 9:30 am – 4:00 pm
- Tuesday, May 8, 2018 - 9:30 am – 2:00 pm; 5:00 pm – 6:30 pm
(Exhibits will close from 2:00 pm – 5:00 pm and reopen from 5:00 pm – 6:30 pm for the Exhibitor Reception)
- Wednesday, May 9, 2018 - 9:00 am – 12:00 pm
(Note: Attendee lunch will be held in the exhibit hall Monday and Tuesday from 12:00 pm – 1:30 pm)

Find additional information on exhibits, vendors, and how to [register for the Forum](http://www.npf.org) at www.npf.org

**Informed Delivery Solutions Studio
Exhibit Hall Room 453**

Got a question about Informed Delivery? Visit the Solutions Studio (Exhibit Hall Room 453) to speak with an Informed Delivery Representative. Drop by and ask a question or attend a 15 minute session on campaign submission methods.

Representatives are available:

Monday, May 7th – 9:30 AM to 4:00 PM
Tuesday, May 8th – 9:30 AM to 2:00 PM and 5:00 PM to 6:30 PM
Wednesday, May 9th – 9:00 AM to 12:00 PM

Mailer Campaign Portal or Mail.dat®?

Which option is right for you when creating your Informed Delivery campaign? Visit the Solutions Studio to learn more about each submission method.

Mailer Campaign Portal

Monday, Tuesday & Wednesday: 10:00AM

Mail.dat

Monday, Tuesday: 12:00PM
Wednesday: 11:00AM

Presentations will last 15 minutes, followed by Q&A.

Visit the USPS Booth to learn about USPS' latest digital innovations:

Informed Delivery Skill for Alexa:

Want to check the status of a package you are expecting? Just ask Alexa!

Informed Mail:

Experience USPS' latest prototype that allows you to launch digital content from a mailpiece directly to a mobile device.

Ask a question about Informed Delivery or attend a 15 minute session on campaign submission methods in the USPS Informed Delivery Solutions Studio – Exhibit Hall Room 453.

Informed Delivery Workshops are:

SUNDAY

10:15AM - 11:15AM:

Using and Understanding Informed Delivery Data

1:30PM - 2:30PM:

Mixed Reality Experiences Get More Intuitive, Immersive, and Empowering

4:00PM - 5:00PM:

Informed Delivery for Mailers: Five Things We Learned from Customizing Interactive Campaigns

MONDAY

1:30PM - 2:30PM:

Informed Delivery: Adding Digital Content

2:45PM - 3:45PM:

Creating a Successful Informed Delivery Campaign

TUESDAY

1:30PM - 2:30PM:

Envisioning the Future of Mail

2:45PM - 3:45PM:

Informed Delivery and Comingling: How to Make Everything Work as Intended

4:00PM - 5:00PM:

Informed Delivery Case Studies/Use Cases (Session 1)

WEDNESDAY

8:00AM - 9:00AM:

Informed Delivery: A Mailer's View

2:00PM - 3:00PM:

Informed Delivery Case Studies/Use Cases (Session 2)

Consultation Sessions

Schedule a private, one-on-one discussion at the USPS Sales Booth with an Informed Delivery representative. Learn how to create and submit campaigns, as well as understand your campaign results. Email: francheska.s.jackson@usps.gov to schedule your appointment today!

USPS Consultation Area – Reserve your time today!

Appointments are now available for mailers and shippers interested in scheduling personal time at the

USPS Consultation Area of the National Postal Forum (NPF) where customers can receive advice from USPS on a variety of topics. The consultation area is open May 7 – May 9, 2018 at the Henry B. Gonzalez Convention Center in San Antonio Texas. You can receive expert advice from:

eVS® and Package Returns

Representatives will be available to discuss the package platform and how it relates to outbound, manifested packages as well as non-manifested network returns.

Enterprise Payment System

Subject Matter Experts will be available to provide program highlights and steps to set up an account on this important system change.

Mailpiece Design Analysts

Available to discuss and guide you with the design of your card/letter and flat size mailpieces for your upcoming mailings. You can also bring your samples and a Mailpiece Design Analyst will provide an evaluation on the spot.

Pricing and Classification Service Center (PCSC)/Product Classification

Experts will be on-hand to talk to you about specific issues related to: Mail Classification & Requirements, Hazardous/Restricted/Perishable Mailings, Nonprofit Marketing Mail Eligibility & Cooperative Mailings, Periodicals Content Eligibility, First-Class Mail® vs. Marketing Mail, Appeals, and National Customer Support Rulings.

National Customer Support Center (NCSC)

Experts are available to discuss any questions or issues regarding Move Update and the new Green and Secure Address Change Service program.

Informed Visibility® and Package Tracking

Meet with our experts who will discuss best practices and data analytics for mail and package tracking. We will discuss your company's mail tracking needs with you and show you how to sign up for Informed Visibility.

Small Business

Come speak with an expert on how you can grow your business using direct mail marketing with Every Door Direct Mail® (EDDM). Learn how you can receive free Priority Mail® boxes, pay postage, print labels from your printer and schedule free pickup. Learn the tricks and trades to maximize your cost. Connect and Grow with the USPS Small Business Team.

International Shipping & Mailing

Companies exploring cross-border business growth opportunities as well as experienced international shippers seeking new solutions are encouraged to meet with knowledgeable USPS Global Business Team members.

PostalPro/Business Customer Gateway

Learn more about the exciting new changes to the Business Customer Gateway and ask questions about PostalPro.

Address Management

Talk to experts about your addressing questions or to get a better understanding of the products or services you can use to help reduce undeliverable-as-addressed mail.

Mail Quality Metrics/Mailer Scorecard and Address Quality Hygiene

Speak to our experts regarding your Mailer Scorecard. Learn about the Mail Quality Metrics across the Streamlined Mail Entry Programs (Full Service, Move Update, Seamless Acceptance and eInduction) and best practices to improve your performance in these programs.

National Center for Employee Development (NCED)

The Center is a world-class facility centrally located in Norman, Oklahoma. NCED is a self-contained, living-and-learning center offering training and conference services to agencies and business groups from across the nation. Facilitators will be on-hand to speak about educational opportunities for you, your business, or your PCC®.

Visit the USPS Consultation Area (**Booth #251**) in the Henry B. Gonzalez Convention Center Exhibit Hall! Consultation begins at the dates and times below.

- Monday, May 7, 9:30 AM – 4:00 PM
- Tuesday, May 8, 9:30 AM – 2:00 PM and 5:00 PM - 6:30 PM
- Wednesday, May 9, 9:00 AM – Noon

Drop in visits are welcome, but appointments are encouraged. To schedule your appointment today, email leider.chang@usps.gov.

Peer-to-Peer Roundtables, Tuesday, May 8, 2018, 4:00 PM – 5:00 PM - In the Stars at Night Ballroom 1 (B1).

The theme for NPF 2018, “*Informed Customers – Customer Experience Delivered,*” will highlight innovative technology and ways the U.S. Postal Service is using it to enhance the customer experience. NPF marks its 50th year in 2018 and is known for highlighting the most up-to-date tools, services and information, as well as providing the best educational and networking opportunities for the mailing industry. Peer-to-peer Roundtables are one of the many special networking opportunities which you should certainly plan to attend.

Roundtable topics are selected based on their importance to the industry today and are led by US Postal Service experts and industry leaders. Multiple topics will be covered, so take this opportunity to learn and share with mailing and shipping professionals like you – whether you are a seasoned NPF attendee or a first timer. This networking session will also enable you to establish contacts for future benefit. Attendees can select their table topic(s) upon arrival. Come early, the tables will be filled on a first-come first-served basis.

Table Topic #:

- # 1 – Informed Delivery – Conducting Interactive Campaigns
- # 2 – USPS Pricing
- # 3 – Informed Visibility
- # 4 – Preparing for the Move to Enterprise Payment
- # 5 - Periodicals
- # 6 - Emerging Technologies in the Mail
- # 7 - Business Service Network (BSN)
- # 8 – Mailer Scorecard
- # 9 – Move Update & New Green & Secure Move Update Program
- # 10 –Seamless Acceptance / eInduction

- # 11 – Academic Outreach – Colleges & Universities
- # 12 – Virtual Mailboxes for Colleges & Universities
- # 13 – Merging and Marketing of Print & Mail for Colleges & Universities
- # 14 – Delivery Partner Program for Colleges & Universities
- # 15 – Government Best Practices and Address Strategy
- # 16 – Nonprofit Mail
- # 17 – Sustainability – A Part of the Business Model – to Include Discussion of USPS Blue Earth® Services
- # 18 – Election Mail
- # 19 – Political Mail
- # 20 – Shipping Product Development & Management, Visibility, Payment and Delivery
- # 21 – Product Management – Keeping Mail Relevant
- # 22 – Product Management – Special Services the Hidden Gem

REMINDERS

Enterprise Payment System (EPS) Webinar

Every Tuesday effective 3/6/2018 until 8/28/2018 from 1:00 PM to 2:00 PM (EST)

Mail Entry and Payment Technology is hosting open line calls to provide education on the new Enterprise Payment System (EPS) and answer any questions regarding the migration and enrollment process.

The EPS system supports commercial, domestic, and international products and services which includes First-Class Mail®, USPS Marketing Mail™, Periodicals, Electronic PO Boxes Online (ePOBOL) and Address Quality Products.

Key features include online account creation and management, payment for products and services through one account and enhanced reporting features. Customers utilizing EPS can fund their accounts through Automated Clearing House (ACH) Debit, allowing USPS to directly withdraw a payment transaction from their bank account, or through a Trust Account, funded through ACH Credit, FedWire Transfer, or check, cash, or money order deposited at any retail location. A new check capture feature is planned which allows customers to deposit checks using a mobile application, eliminating the need to visit a Post Office.

If you are utilizing any of the above products and services, contact your Business Mail Entry Unit or Business Mailer Support Analyst to enroll today!

Move Update (Webinars Every Wednesday):

Every Wednesday 3:00 PM – 4:00 PM (EST)

USPS is changing the method for measuring compliance for meeting the Move Update requirement to a Census based approach. Move Update will move to an Automated Assessment Process beginning with April 2018 assessments using March 2018 data. Today USPS measures compliance at an individual mailing level using a MERLIN machine. In the future, USPS will use scans from Mail Processing Equipment to determine addresses for First-Class and USPS Marketing Mail, letters and flats, have been updated within 95 days of the mailing date, and compliance will be measured across a calendar month. This new process will result in several benefits including enhanced mailing visibility and improved mail quality metrics over all mailings within a calendar month, rather than sampling at an individual mailing level. Results of this census verification are displayed on the Electronic Verification tab of the Mailer Scorecard.

Testing of the data has been completed by an Industry task team and the reports have been declared ready for use. Mailers should begin reviewing the results to ensure compliance with the Move Update standards are met.

Business Mailer Support is hosting weekly Move Update calls for mailers who have questions or want additional information. Again, the webinars will be held at 3:00 PM Eastern each Wednesday and will continue beyond the February 2018 implementation date.

Federal Register Notices:

Published in the *Federal Register* April 23, 2018

Revision to ZIP Code Zone Charts for APO/FPO/DPO Inbound Mail (Doc # 2018-08360)

AGENCY: Postal Service.

ACTION: Notice

SUMMARY:

The Postal Service will rezone Inbound Mail from APO/FPO/DPO ZIP Codes to coordinate the Origin/Destination ZIP Codes with the designated International Service Centers (ISC) through which each originating ZIP Code dispatches mail.

DATES: Effective: June 1, 2018.

FOR FURTHER INFORMATION CONTACT: Direct questions or comments to Kimberly G. Forehan by email at kimberly.g.forehan@usps.gov or phone (859) 447-2652.

SUPPLEMENTARY INFORMATION:

Effective with the ZIP Code Zone Charts update on June 1, 2018, Inbound Mail from APO/FPO/DPO ZIP Codes will be rezoned to coordinate the Origin/Destination ZIP Codes with the designated International Service Centers (ISC) through which each originating ZIP Code dispatches mail. This means that mail being sent from the various APO/FPO/DPO ZIP Codes will be realigned so that both outbound and inbound ZIPs will be paired with the areas they serve. The US Postal Service refers to these relationships as "reciprocal" or "retrograde" pairs. This is a change from the current process where Pacific ZIP Codes are zoned through the San Francisco ISC and the European ZIP Codes are zoned through the JFK ISC. After June 1, 2018, each of the five ISCs will be aligned with reciprocal pairs for inbound mail from APO/FPO/DPO ZIP Codes. This will result in a more accurate pricing model for Military customers mailing items back to the United States.

Published in the *Federal Register* April 20, 2018

Overweight Items (Doc # 2018-08257)

AGENCY: Postal Service.

ACTION: Proposed Rule

SUMMARY:

The Postal Service recently published an advanced notice requesting comments on how the Postal

Service should proceed to prevent overweight items from entering into the postal network. After considering the comments received, the Postal Service is now moving forward to propose amendment of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual, (DMM®) to prevent overweight items from entering the postal network.

DATES: Submit comments on or before May 21, 2018.

FOR FURTHER INFORMATION CONTACT: Lizbeth Dobbins at (202) 268-3789 or Garry Rodriguez at (202) 268-7261.

SUPPLEMENTARY INFORMATION:

On October 3, 2017, the Postal Service published an advanced notice requesting comments on how the Postal Service should proceed to prevent overweight items from entering into the postal network ([82 FR 46010](#)). The Postal Service received 18 responses and those suggestions have been incorporated into this proposed rule, as appropriate. The Postal Service now proposes to amend the DMM to add a penalty for attempting to enter nonmailable, overweight items into the mailstream. Implementation of this proposed rulemaking will require action by Postal Service management.

The Postal Service defines overweight items as anything over the Postal Service 70 pound maximum limit or the applicable maximum weight allowed for hazardous materials (see DMM 201.7.3). These overweight items are considered nonmailable and present a safety risk to employees.

Existing DMM section 601.1.3 provides that it is the mailer's responsibility to refrain from depositing nonmailable matter in the mail. A mailer's responsibilities include complying with applicable postal laws and regulations governing mailability. As such, the Postal Service reserves the right to refuse nonmailable items.

Overweight items should never be entered into the postal network. However, the Postal Service is noticing an increase in overweight items, such as items that are initially delivered using a private carrier, but are attempted to be returned using the Postal Service. It is unsafe to return the overweight item to the sender through the postal network. Occasionally, the item is abandoned which creates another safety issue when trying to dispose of the overweight item.

Published in the *Federal Register* April 4, 2018

Green & Secure (Doc # 2018-06743)

AGENCY: Postal Service.

ACTION: Final Rule

SUMMARY:

The Postal Service is amending *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to add Green & Secure as an Address Change Service option utilizing existing Change Service Requested Service Type ID's (STID).

DATES: Effective Apr 4, 2018.

FOR FURTHER INFORMATION CONTACT: Heather Dyer at (207) 482-7217 or Jacqueline Erwin at (202) 268-2158.

SUPPLEMENTARY INFORMATION:

The Postal Service published a notice of proposed rulemaking on January 9, 2018, ([83 FR 995-997](#)) to amend the DMM to add a new alternative Move Update method, Green & Secure, for mailers who enter eligible letter- and flat-size pieces of First-Class Mail® and USPS Marketing Mail® (formerly Standard Mail®) that meet the requirements for presort, Basic automation, or Full-Service automation mailings.

The Postal Service received many insightful comments and questions from the mailing community in

response to the proposed rule of January 9, 2018. In response to those comments, the Postal Service incorporates the following changes into this final rule, and notes that aside from these changes, Green & Secure has not changed in substance from the proposed rule of January 9, 2018:

The comments revealed that adding Green & Secure as an Alternative Move Update method in the DMM caused confusion regarding whether Green & Secure pieces would have to be updated consistent with the Move Update standard in DMM 602.5.1. The Postal Service, therefore, has recast Green & Secure as an option under Address Change Service using the existing Change Service Requested Service Type IDs (STID) to clarify that the Move Update standard applies to these mailpieces; mailers must continue to update their mailing lists using at least one of the USPS-approved Move Update methods listed in DMM 602.5.2. Accordingly, this final rule includes changes to DMM 507.4.2.2 instead of DMM 602.5.2 as had been announced in the proposed rule.

Under the forthcoming Address Quality Census Measurement and Start Printed Page 14370 Assessment Process (AQCMAP), a mailer's total error percentage is the ratio of mailpieces with change of address (COA) errors to the mailer's total Move Update Eligible Piece count in the calendar month. Green & Secure mailpieces will be automatically excluded from the count of mailpieces with a COA error (the numerator) but included in the mailer's total Move Update Eligible Piece count (the denominator).

Implementation of Green & Secure will begin in March 2018. In addition, assessment under the Address Quality Census Measurement and Assessment Process has been delayed until April 2018 for March errors.

In sum, as discussed in further detail herein and in the proposed rule of January 9, 2018, mailpieces bearing a STID for ACS Change Service Requested, with or without Secure Destruction, will now fall under the Green & Secure option. Moreover, the Postal Service clarifies that mailpieces bearing these STID types must be updated in accordance with the Move Update standard in DMM 602.5.1, but will not be subject to assessment under the Move Update Verification, Address Quality Census Measurement and Assessment Process in DMM 602.5.3.
