USPS updates to ACS Technical Guide posted on PostalPro™

Updates to the ACS™ File Format Technical Guide and the Appendix C: ACS™ Product Code Information and Details have been posted to https://postalpro.usps.com/address-quality/ACS.

ACS customers are advised to review these documents for information on new product codes being assigned to ACS records that can be used in the reconciliation of charges for ACS notifications that failed to meet quality standards as described in the Federal Register Notice Address Quality Census Measurement and Assessment Process published October 24, 2017.

For additional information or assistance please contact the ACS Support department at 877-640-0724 (Option 1) or email acs@usps.gov.
