

Annual Sustainability Report

External Stakeholder Input

Thomas G. Day
Chief Sustainability Officer

Global Reporting Initiative (GRI): An international organization promoting standardized, comprehensive sustainability reporting.

The GRI framework provides organizations with methods to measure and report sustainability performance.

Stakeholders have identified USPS topics collaboratively.

2018 ASR Stakeholders

- Postal Supplier Council (PSC)
- Mailers' Technical Advisory Committee
- HQ Functional Groups

Stakeholders identify the organization's top issues (“topics”) via the following steps:

Step 1: Consider Topic Category

Social, Environmental, or Economic.

Step 2: Score the Topic

Scale of 0-10 based on influence to decision making.

Step 3: Rank Topics by Importance

Most important (“material”) topics included in the ASR.

- **MTAC provided input in 2016**
- **Results used to inform the 2016 and 2017 ASR**
- **Updating input for 2018**

- 2018 ASR Stakeholder Workgroup confirmed 13 topics. ✓
- Next Step: Stakeholders rank topics to determine materiality.
