PS Form 3579 Address Correction Notices for Periodicals

The Postal Service has implemented software and data management solutions to prevent or suppress PS Form 3579 manual address correction notices for publications that regularly request Full-Service ACS.

PS Form 3579 will continue to be provided for those publications that do not apply an IMb and those that request manual address corrections. The Periodical Service Type ID Table on PostalPro now contains a quick reference that describes conditions that will result in PS Form 3579 for undeliverable Periodicals. The updated table can be found at <https://postalpro.usps.com/node/6411>.

Full-Service ACS Periodical mailers are encouraged to provide a list of Periodical titles and any associated Mailer IDs or Participant IDs that are mailed using a Full-Service ACS STID. Providing updated Periodical information will give USPS the ability to ensure proper handling of Periodical mailings by linking this critical information during processing. Information can be provided to the ACS Support department at 877-640-0724 (Option 1) or by email to acs@usps.gov.
