

# LICENSING ANNOUNCEMENT

## JULY 25, 2012

### PBSA Records

**Primary Audience:** DPV<sup>®</sup> and DSF<sup>2®</sup> Licensees

**What:** Effective with the August release, the USPS<sup>®</sup> has included the PBSA (Post Office Box Street Address) records in the following products.

**DPV:** **DPH.HSP** hash table for just the PBSA records. (Size is 34 MB)

**DPV:** **DHF.DPV** flat file with the next available bit populated for PBSA records.

**DSF<sup>2</sup>:** **DHF.DS2** flat file with the “last” available bit populated for PBSA records (no unused bits remain).

Attached are the Software Developer’s Kits (SDG) for the DPV and DSF<sup>2</sup> Products.

**When:** Beginning with August release of the DPV and DSF<sup>2</sup> monthly data fulfillment

**Impact:** The PBSA records are included in a separate table.

**What you need to do:** Please share this information with all pertinent contacts within your company.

If you have any questions regarding this notice, please contact the Licensing Department at 800-589-5766.
