Structural Change: Proposed New Discount – Encourage High Density Flats on Direct Pallets

- Direct Pallets – Pallets that can be cross docked directly to the destination Delivery Unit without having to do bundle sorting at the Plant freeing up the capacity for more parcel-shaped pieces.
- Currently there is an incentive for Carrier Route flat-shaped pieces to be on Direct Pallets. Incentive worked in moving Carrier Route flat-shaped piece to Direct Pallets (Increased from ~1% in FY2015 to ~14% in FY2020)
- Proposed discount applies to High Density flat-shaped pieces to be placed on Direct Pallets.
