INDUSTRYALERT

July 28, 2021

REMINDER: Scheduled Maintenance Impacting Package Platform and EPS *July 29, 2021*

As previously advised, tomorrow (Thursday, **July 29**, 2021), **from 8:00 AM CT - 2:00 PM CT**, the United States Postal Service will conduct maintenance which is critical to our information technology infrastructure.

During the implementation and validation window, there will be an impact to **Package Platform and the Enterprise Payment System (EPS)** resulting in delayed receipt of the following datasets:

- **USPS Returns and Outbound** service data feeds via Informed Visibility-Mail Tracking and Reporting (IV-MTR)
 - Pricing Notification
 - Final Notification

- EPS data feeds to IV-MTR

Based on recent assessment updates of forecasted volume, it is anticipated cited data will be current no later than end of day on Friday, **July 30**, 2021. However, post-maintenance activities include on-going monitoring; and updated status assessments will be provided as warranted.

We apologize for any inconvenience.

NOTE: Delivery of packages WILL NOT be impacted.

All Business Service Administrators (BSAs) should alert their impacted stakeholders.

Please direct any inquiries or concerns to the **IV Solutions Center** via eMail (InformedVisibility@usps.gov) or telephone (*1-800-238-3150, Option 2*).
