Informed Visibility®

Mail Tracking & Reporting

Welcome to Informed Visibility Mail Tracking & Reporting (IV®-MTR), the U.S. Postal Service source for near real-time letter and flat mail tracking information.

The IV-MTR application:

-  Provides end-to-end mail tracking information for letter and flat pieces, bundles, handling units, and containers
-  Leverages intelligence to create logical and assumed handling events to provide expanded visibility
-  Improves ease of use through flexible data provisioning and delegation
-  **Need more information?** [Click here](#) for documents and BlueTube™ videos on how to navigate the IV-MTR application

Watch the IV-MTR benefits overview video.
For more information, visit the IV-MTR page on [PostalPro](#).
