INDUSTRYALERT

September 9, 2021

POSTPONED: Package Platform Release 2.7.2.0 – *September 9, 2021*

As previously advised, today (Thursday, **September 9**, 2021), the United States Postal Service scheduled implementation of software updates for the following system:

- Package Platform Release 2.7.2.0

This system activity has been POSTPONED.

External content for Package Platform Release 2.7.2.0 includes **one item** – an update to resolve a known issue impacting **Data Services'** report download functionality. When downloading from the Informed Visibility – Mail Tracking and Reporting (IV-MTR) interface, **an empty space appears** at the end of the report file.

Resolution of this **spacing issue** is now targeted for an upcoming release. Notification will be provided when a release date is determined.

All Business Service Administrators (BSAs) should alert their impacted stakeholders.

Please direct any inquiries or concerns to the **IV Solutions Center** via eMail (InformedVisibility@usps.gov) or telephone (1-800-238-3150, Option 2).
