## 2022 National Postal Forum National Center for Employee Development Certification Courses

### BACK BY POPULAR DEMAND!

The United States Postal Service (USPS) Certification Program offers an exclusive opportunity for National Postal Forum (NPF) attendees to expand their professional skill and commitment to ongoing education through two comprehensive training courses, traditionally only offered through the National Center for Employee Development (NCED) Conference Center in Norman, Oklahoma.

Now you can participate in the Executive Mail Center Manager (EMCM) or the Mail Design Professional (MDP) courses while onsite at the 2022 NPF. The EMCM course is designed to develop mail center management skills and the MDP course is centered around effective mail design and optimizing postage costs through automation.

Upon completion and passing the final exam, successful participants will receive Official USPS Certification.
