Directional Copy Requirements

- Guide the user to scan or engage with the mobile technology.
- Be the same size or larger as the primary marketing message.

Product Shipping Requirement:

Product fulfillment must be available via USPS® mailing or other shipping services (product does not need to be shipped by USPS).

But make sure you don’t have it...

Shows that postage is prepaid. (This takes the place of a stamp or postage meter imprint.)

OCR Read Area
Location of the delivery address.

Barcode Clear Zone
Will be printed over by the USPS’s automated equipment. Remember it must be free of markings, printing, or colored borders.

Technology Triggers

- QR Code® or Barcode
- Voice Assistant
- Digital Watermark
- Image Recognition

Must Include

Mailpiece must contain a mobile print technology that when scanned on a mobile device or activated by voice command leads to a complete mobile optimized website:

- QR Codes®, digital watermark, augmented reality, voice assistant, shoppable video
- Must be accompanied by directional copy (See Quick Start section for details)
- See Promotion Details for placement information

The technology trigger(s) must meet the size requirements:

- Mobile print technology must be a minimum of 1/2 inch by 1/2 inch.

Directional copy must be the same size or larger as the primary marketing message.

Requirements for Digital Shopping Experience:

- Scan leads to a complete mobile optimized site (from beginning of shopping experience through purchase completion).
- Pop-ups on landing pages are allowed as long as they allow users to exit out.
- Scan or voice command takes you directly to a purchase site or shoppable video relevant to the mailpiece message.
- The recipient must be able to complete the purchase.
- Product must be able to be delivered via USPS® or other mailing courier services. Products that can only be fulfilled via local private carrier (e.g., local pizza delivery) are not eligible.

Non-Eligible

Examples of ineligible products include, but are not limited to:

- Making payment online for prior purchases or recurring services
- Downloading a deal or coupon (and no hard copy certificate or voucher is mailed)
- Ordering a product for in-store pick-up
- Purchasing e-gift cards
- Products that can only be fulfilled via private carrier (e.g., local pizza delivery)
Participants may use any mobile barcode format to link the recipient to a social media platform with a “Buy Now” button capability for a specific product to make a purchase. Applicable social media platforms include Pinterest, Instagram, YouTube, Facebook, Twitter, and Tumblr.

Shoppable Video is the process by which a user can view videos and make a purchase without having to navigate to a retailer’s website on their own. The experience involves viewing a video which contains clickable spots on the video where users can make a purchase.

Simply linking to video content is not adequate to meet the criteria for Shoppable Video. Shoppable Video is platform agnostic but can often be viewed through social media platforms like Facebook, Instagram, and Snapchat as well as e-commerce sites.

The mailpiece must provide clear and specific instruction that enables the recipient to engage with voice assistants (i.e., Siri, Alexa, Google, etc.) to trigger a mobile optimized shopping experience.

Mobile barcodes must be a minimum of 1/2 inch x 1/2 inch and be placed with the marketing message. When scanned, users must be taken directly to the advertised product for purchase.

The technology can be on the inside or outside of the mailpiece. The technology trigger cannot be placed on or in an:
- Order Form (of any type)
- Detached Address Label (DAL)
- Unattached or blow-in card enclosed with the mailpiece
- Reply envelope/card
- Fine print or small print matter of the mailpiece

The Mobile Print Technology cannot be placed in the indicia zone or the barcode clear zone on the outside of the mailpiece.

Drive engagement through direct mail that moves people to make donations online

Technology Triggers
- QR Code® or Barcode

- Hard copy certificate, thank you note or voucher mailed via the USPS® to the recipient upon purchase/donation (does not include invoices, billing statements or receipts).
- A mailpiece containing a Business Reply Mail (BRM), Courtesy Reply Mail (CRM), or Share Mail (Alternate Postage) enclosure in the outgoing qualifying mailpiece. Artwork for enclosures must be included in the initial mailpiece review package submitted to USPS.

Products not eligible for the Mobile Shopping Promotion
For the purposes of this promotion, a product is defined as a tangible and physical item can be shipped via a mailing or shipping product offered by the Postal Service®, though delivery by the Postal Service is not required. Products that can only be fulfilled via private carrier (e.g., local pizza delivery) would not meet the requirements.

MAILING SUBMISSION REQUIREMENTS

The discount must be claimed at the time of mailing during the promotion period and cannot be rebated at a later date.

*Only one promotion discount can be applied to a mailpiece or mailing. The use of technology and/or print treatments eligible for other promotion discounts will not increase the discount amount.

A Documentation/Postage Statement

Mailings must be submitted electronically via Mail.dat and Mail.XML or Postal Wizard. Mailings that are prepared and entered by an entity other than the mail owner must indicate the owner’s identity in the electronic documentation (“eDoc”). The eDoc must identify the mail owner and mail preparer in the By/For fields by Customer Registration ID (CRID), Mailer ID (MID) or Permit number. Participants will be required to affirmatively claim this promotion in the “Incentive Claimed” section on electronic postage statement submissions certifying each mailpiece meets all eligibility requirements.

To claim the discount for mailings submitted via Mail.dat® and Mail.XML™, the Component Characteristics Record (CCR) file MUST be populated with the appropriate two-letter characteristic code or it must be selected on PostalWizard in the dropdown.

B Combined and Commingled Mailings

The promotion discount can be applied to qualifying pieces within a combined or commingled mailing, but the qualifying mail must be submitted on separate postage statements or by mailpiece version.

Only one promotional discount will be applied per mailpiece version (identified by MPU Mail Piece Unit and MPU Segment ID). In a commingled mailing, which may contain multiple mail owners, a mailpiece version must be created for each mail owner. The incentive can be claimed independently for each using the CCR file. If needed, mailers may continue to use either the CSM Postage Group ID or the .mpa Customer Reference ID in order to create separate child statements for the pieces which are eligible for incentives. If a mailer is using the customer reference ID to create separate statements a unique MPA record must be created for pieces which are claiming incentive rates.

Further technical information can be found in the USPS® Mail.dat Technical Specifications

https://postalpro.usps.com/resources-list/technical_specifications

If PostalOne!® issues arise during the promotion period and prevent the timely finalization of Postage Statements within PostalOne! system, please follow the instructions in the PostalOne! Contingency Plan posted on PostalPro.

https://postalpro.usps.com/node/852

(PS Form 8125). A PVDS mailing that qualifies for the promotion cannot have verification or the actual drop ship occur prior to the first day of the promotion. All existing requirements around mail preparation and acceptance as they are described in the domestic Mail Manual (DMM) remain in place. Please refer to http://pe.usps.gov/text/dmm300/dmm300_landing.htm for more information.
To claim the discount, participants must provide a hard copy unaddressed mailpiece sample at the time of mail entry to the Business Mail Entry Unit/acceptance clerk. This applies unless other sample submission options specified in the promotion requirements are applicable.

If a mailing agent submits promotional mailings from multiple mailers, a hard copy sample of eachailer’s mailpiece must be presented to BMEU. All mailings are subject to standard acceptance and verification procedures and may be inspected for use of mobile print technologies, images, directional copy, and more.

**Seamless Acceptance**

Mailers participating in Seamless Acceptance must follow the process applicable to their situation to submit mailpiece production samples.

**Facing slip requirement for all Seamless Acceptance mailpiece samples**

For all promotion production samples submitted by seamless acceptance mailers, the production sample must be attached to a facing slip that contains the following information: Promotion claimed, Mailer name, Mailer CRID and Job ID.

**Mail entered at DMU**

For seamless mailers who use a DMU for mail entry, when a USPS® clerk is not present, the mailer should deposit production samples with facing slips in an inbox or other agreed upon place. USPS clerks will collect the samples when they visit the DMU and will bring them back to the BMEU to hold for audit purposes.

**Mail entered at a BMEU with no BMEU clerk present**

If no Postal Service® employee is available at the time the mail is deposited at the BMEU, the promotion participant should forward production samples, with a facing slip for each, to the BMEU via mail. Samples can be bundled and sent in batches on a weekly basis.

**Mail drop shipped from a DMU**

When a USPS clerk is not present at the DMU, the participant should deposit production samples with facing slips in an inbox or other agreed upon place. USPS clerks will collect the samples when they visit the DMU and will bring them back to the BMEU to hold for audit purposes.
In this scenario the participant has two options.

- The participant can hold production samples and deposit them at the BMEU when other mailings are taken to the BMEU or the mailer can,
- Follow the steps above and mail batches of samples with facing slips to the BMEU on a weekly basis.

If the mail is coming from a DMU, the participant should deposit production samples with facing slips in an inbox or other agreed upon place. If the mail originates from an as-needed DMU, the participant has two options.

- The participant can hold production samples and deposit them at the BMEU when other mailings are taken to the BMEU or the participant can,
- Follow the above steps.

Using the Self Service Terminal (SST)

Mailers participating in the promotion and presenting mail using the Self Service Terminal (SST) will see the message below on the screen and must certify the agreement on the screen and submit a mailpiece sample and postage statement to the BMEU clerk.

“This mailing has been identified as participating in an incentive program. By clicking OK, I certify that I am tendering a production mailpiece sample and postage statement to the acceptance employee for verification.”

Post Mailing Requirements

The Promotions Office will conduct a sampling of mailpieces collected at Business Mail Entry Units to verify that submissions meet program requirements. The Postal Service reserves the right to pursue a revenue deficiency for mailings that do not meet ALL program requirements and to unenroll the mailer from the program or restrict participation in future promotions.

Additionally, all mailers who receive the discount must retain all hard copy mailpieces for 90 calendar days after the promotion end date and if requested by the Postal Service, must forward the sample to the Promotions Office.
Further questions can be directed to the Promotions Office.
