Request to Remove Parcel Return Service from the Competitive Product List

The U.S. Postal Service is seeking approval from the Postal Regulatory Commission (PRC) to remove Parcel Return Service from the competitive product list.

Although the product will be removed from the competitive product list and Notice 123, the Postal Service intends to continue to offer Parcel Return Service via negotiated service agreements (NSAs). If favorably reviewed by the PRC, the Postal Service intends to implement the change on Jan. 22, 2023.

The elimination of Parcel Return Service from the competitive product list will simplify and streamline the Postal Service's product offerings, and minimize customer confusion. The service that we provide to the very small number of existing customers that currently utilize the published product can be continued through an NSA.
