| | Address Service Requested ** \$ | | | *** | *** |
| Traditional ACS™ | | 600 | 599 | 602 | 601 |
| | Address Service Requested ** \$ | *** | *** | *** | *** |

1. For Periodicals, the following could carry a full-service or basic automation STID: 1) Outside-County barcoded letters, 2) Outside-County Machinable barcoded flats, 3) Outside-County Nonmachinable barcoded flats, 4) In-County automation letters and flats.
2. Valid only for Periodical copies mailed with alternative addressing (Occupant, Or Current Resident) in the address block.
3. Full-Service Periodical publishers that wish to prevent the generation of PS Form 3579 manual address correction notices should use a Full-Service Service Type ID (STID = 038 or 045) in the Intelligent Mail barcode.

PS Form 3579 manual address correction notices are generated under the following conditions:

- No Intelligent Mail barcode is present or readable and there is no history of a Full-Service ACS STID in an IMb for that publication.
- A Manual Correction STID (704, 044, 264, 274) in the IMb will result in PS Form 3579 address correction notices
- A Traditional ACS STID (600, 599, 602, 601) in the IMb and the address block is missing a valid or machine readable ACS Participant ID (#BX - - - -) and/or a properly formatted optional keyline.
- Alternative Address No Corrections STID (149, 148, 147, 146) in the IMb and the address block does not contain an alternative addressing format (Occupant, Or Current Resident).

* Informed Visibility® Mail Tracking & Reporting <https://postalpro.usps.com/InformedVisibility>

** \$ Requires the printed text ancillary service endorsement and a domestic return address on the address-side of the piece. Publications that cannot be delivered as addressed or forwarded will be returned to sender - postage due.

*** Improper use of this Service Type ID can create an unexpected and extraneous cost to the mailer. Please contact the ACS Department at ACS@usps.gov or (877-640-0724) for information on how these STIDs should be used.

♻️ ACS Green & Secure Option

\$ Postage and Fees are charged forwarded or returned mail

* Informed Visibility® Mail Tracking & Reporting <https://postalpro.usps.com/InformedVisibility>

** Requires the printed text ancillary service endorsement. The option selected must not be printed with the endorsement.

*** Change Service Requested Option 2 Service Type IDs may be used in the Intelligent Mail barcode for USPS Marketing Mail letters and flats. CSR Option 2 STIDs are not valid for USPS Marketing Mail parcels.

Use of the CSR Option 2 STID in the Intelligent Mail barcode indicates the mailer has requested forwarding of USPS Marketing Mail when possible and agrees to pay any resulting forwarded USPS Marketing Mail fees.

Mailers must establish an ACS account prior to mailing with these STIDs. Contact acs@usps.gov or call the ACS Department Toll Free at 877-640-0724 (option 1) to set up an account. If an ACS account has not been established prior to the use, one will be set up for you using the CRID information that is associated to the Mailer ID used in the IMb. Use the “ACS Billing” profile option in the Mailer ID system via the Business Customer Gateway before mailing to identify a billing contact and address if the CRID for the MID is not the desired billing information for the Forwarded USPS Marketing Mail fees. Check, Credit Card, ACH Credit or EPS payment options are available. ACS fees will be charged when applicable in addition to the Forwarded USPS Marketing Mail fees. See Notice 123, Other Services, Address Correction Service.

\$ Postage and Fees are charged forwarded or returned mail

* Informed Visibility® Mail Tracking & Reporting <https://postalpro.usps.com/InformedVisibility>

** Requires the printed text ancillary service endorsement. The option selected must not be printed with the endorsement.

*** Change Service Requested Option 2 Service Type IDs may be used in the Intelligent Mail barcode for Bound Printed Matter flats. CSR Option 2 STIDs are not valid for Bound Printed Matter parcels.

Use of the CSR Option 2 STID in the Intelligent Mail barcode indicates the mailer has requested forwarding of Bound Printed Matter flats when possible and agrees to pay any resulting forwarded Bound Printed Matter fees.

Mailers must establish an ACS account prior to mailing with these STIDs. Contact acs@usps.gov or call the ACS Department Toll Free at 877-640-0724 (option 1) to set up an account. If an ACS account has not been established prior to the use, one will be set up for you using the CRID information that is associated to the Mailer ID used in the IMb. Use the “ACS Billing” profile option in the Mailer ID system via the Business Customer Gateway before mailing to identify a billing contact and address if the CRID for the MID is not the desired billing information for the Forwarded Bound Printed Matter fees. Check, Credit Card, ACH Credit or EPS payment options are available. ACS fees will be charged when applicable in addition to the Forwarded Bound Printed Matter fees. See Notice 123, Other Services, Address Correction Service.

Political Mail vs. Ballot Mail

Definitions:

Political Mail is any material mailed for campaign purposes by a registered political candidate, campaign committee, or committee of a political party, or political message mailing by a political action committee (PAC), super PAC, or other organization engaging in an effort to influence or drive voter mobilization.

Ballot Mail is a mailpiece sent to or from an authorized election official containing a live ballot that may be used to cast a vote in an election.

NOTE: Ballot Mail is a subset of Election Mail; however, only live ballots may use Ballot Mail STIDs. For other Election Mail (sample ballots, voter registration, polling place locations, absentee applications, polling place notifications) use the appropriate STID for the mail class and ACS/IV-MTR services desired that are listed on the First-Class Mail® (page 2) or USPS Marketing Mail® (page 4) of this document. The Election Mail attribute in eDoc should be used to identify a mailing as Election Mail.

Service Type Identifier (STID) Table
