9. Termination and Suspension

9.1. Notice, Cure, Breach, Termination

9.1.1. Licensee must immediately cease, or be forced to cease, all use of the Licensed Materials if Licensee does not properly execute, comply with, and maintain as current all fees under this Agreement required for Licensee to exercise the rights to use the Licensed Materials.

9.1.2. If Licensee breaches any material term or provision of this Agreement and fails to cure the breach within ten (10) calendar days after the written notice is issued by USPS identifying the breach (or such longer period of time as set by USPS in said notice), this Agreement will automatically terminate.

9.1.3. If Licensee fails to make any payment required by this Agreement or fails to comply with any other terms of this Agreement, other than a material breach under the preceding subsection, and does not cure such failure within thirty (30) calendar days after the written notice is issued by USPS, this agreement will automatically terminate.

9.1.4. USPS, solely in its own discretion, may extend the deadlines set forth above. To be valid, any such extension must be in a writing signed by an appropriate USPS official.

9.1.5. If the Licensee at any time during the term of this Agreement fails to comply with any of the terms or conditions of this Agreement, USPS may, solely at its discretion, suspend Licensee's right to use the Licensed Materials or the USPS Trademarks by sending Licensee a notice of suspension. Upon receiving notification of the suspension, Licensee will cease the activities specified by USPS until authorized in writing by USPS that the activities may be resumed. Suite^{Link}® INTERFACE DEVELOPER AGREEMENT

- 9.1.6. **No Waiver.** USPS is under no obligation to terminate or suspend this Agreement, and its failure to do so will not be deemed a waiver of its right to do so even in the event of a breach or default by Licensee. USPS's termination and suspension rights herein are in addition to all other rights that USPS may have against Licensee. Resort by USPS to any remedies referred to in this Agreement will not be construed as a waiver by USPS of its right to resort to any and all other legal and equitable remedies available to USPS.
- 9.2. This Agreement terminates immediately and automatically if Licensee: (i) is dissolved or liquidated or takes any corporate action for such purpose; (ii) becomes insolvent or is generally unable to pay its debts as they become due; (iii) becomes the subject of any voluntary or involuntary bankruptcy proceeding under any domestic or foreign bankruptcy or insolvency law; (iv) makes or seeks to make a general assignment for the benefit of its creditors; or (v) applies for, or consents to, the appointment of a trustee, receiver, or custodian for a substantial part of its property. Licensee will provide USPS with written notice of the occurrence of any of the foregoing within five (5) business days of the occurrence.
- 9.3. In the event USPS elects to discontinue licensing the Suite^{Link} Product, either in its entirety or for a specific platform, USPS will provide written notice to Licensee at least one (1) year before the discontinuation date ("USPS Discontinuation Date"). Licensee may elect to terminate this Agreement prior to the USPS Discontinuation Date by providing USPS with thirty (30) days written notice as set forth above.
- 9.4. Notwithstanding other provisions of this Section 9, USPS and Licensee understand and agree that this Agreement is subject to any legislation that might be enacted by the Congress of the United States or any orders or regulations that might be promulgated by any agency, branch, or independent establishment of the United States Government. USPS and Licensee further acknowledge and agree that this Agreement in no way waives USPS's authority to act in its sovereign capacity and that, pursuant to the sovereign acts doctrine, USPS will not be held liable for any acts performed in its sovereign capacity or for any acts performed by any branch, agency, or independent establishment of the United States in their sovereign capacities that may directly or indirectly affect the terms of this Agreement. In the event either USPS or Licensee is

required by legislation enacted by the Congress of the United States or any orders or regulations that might be promulgated by any branch, agency or independent establishment of the United States Government to terminate, or otherwise as a result of such action is unable to perform its obligations under this Agreement, either Party may give notice of termination, which termination (notwithstanding other provisions of this Section 9) will be effective immediately or the effective date of such requirement, whichever is later. The parties agree that in the event that this Agreement is terminated as set forth in the preceding two sentences, or in the event that USPS or Licensee is enjoined from proceeding with this Agreement by any court of competent jurisdiction, such party will not be subject to any liability by reason of such termination or injunction. To the extent that USPS terminates this Agreement on the basis of such legislation, order, or regulation promulgated by any agency, branch, or independent establishment of the United States Government, USPS will not be subject to any liability by reason of such termination.

- 9.5. Notwithstanding the Term of the Agreement established herein, either party may terminate this Agreement upon sixty (60) days written notice to the other party. In the event Licensee cancels this Agreement, USPS will retain all fees paid to USPS under this Agreement.
- 9.6. USPS will incur no liability for any reason due to the termination of this Agreement.
- 9.7. In the event that the termination effective date does not correspond with the expiration of the Term of this Agreement, USPS will allow the continued use of the Licensed Materials through the termination date. Licensee will pay all license fees set forth in this Agreement on a pro-rated basis for the time period between the end of the term of the current Agreement and the termination date specified by USPS in the event the termination date extends beyond the Term.
- 9.8. [reserved]
- 9.9. Licensee will, upon termination, immediately: (i) [reserved]; (ii) [reserved]; (iii) cease all development, testing, or other use of the Licensed Materials; (iv) destroy or deliver to USPS the Licensed Materials along with all whole or partial copies of the Licensed

Materials; and (v) deliver to USPS a notarized statement signed by an officer of Licensee confirming return and/or destruction of the Licensed Materials.

9.10. No waiver of any provision(s) of this Agreement by either party will constitute a continuing waiver of the provision(s) nor will it constitute a waiver of any other provision.

9.11. Each of the above notices will be deemed effective immediately on issuance, without any judicial or court action or other action by USPS.

10. Limitation of Liability

Other than as specifically set forth in this Agreement, USPS makes no representations or warranties, express or implied, as to merchantability, fitness for any particular purpose or otherwise with respect to the Suite^{Link} Product, and other Licensed Materials nor will USPS be liable for any special, incidental, or consequential damages even if it has been or is hereafter advised of the possibility of such damages. USPS will not be liable for any design, performance, or other fault or inadequacy of the Suite^{Link} Product, and other Licensed Materials or for damages of any kind arising out of or in any way related to or connected with such fault or inadequacy.

11. Indemnity

11.1. Developer agrees to hold harmless, defend, and indemnify USPS for infringement of any U.S. patent, copyright, trademark, or service mark arising out of Developer's modification to or development of applications, materials, software, or anything else for use with Suite^{Link} Product. In addition, Developer agrees to hold harmless, defend, and indemnify USPS and its officers, agents, representatives, and employees from all claims, losses, damage, actions, causes of action, expenses, and/or liability resulting from, brought forth, or on account of any injury or damage received or sustained by any person, persons, or property growing out of, occurring, or attributable to any work performed under or related to this License, resulting in whole or in part from any breach of this Agreement or from the negligence or intentional misconduct, including any unauthorized disclosure or misuse of the Licensed Materials, including data derived from the Suite^{Link} Product, by Developer, or any employee, agent, or representative of Developer.

12. Confidentiality of the Suite^{Link} Product and Other Licensed Materials

- 12.1. Suite^{Link} Product and other Licensed Materials are confidential and proprietary to USPS and will remain the property of USPS. Nothing contained in this Agreement will give Developer any right, title, or interest in or to the Suite^{Link} Product except as the recipient of the license granted in this Agreement.
- 12.2. Developer agrees to hold all information concerning Suite^{Link} Product confidential, to disclose said information only in accordance with the provisions of this Agreement, to take all reasonable steps (including at a minimum, but not limited to, those steps necessary to comply with Sections 12.4 and 18 of this Agreement) to safeguard the confidentiality of the Suite^{Link} Product and other Licensed Materials, and any or all parts thereof, and to prevent unauthorized disclosure thereof by Developer's employees, agents, representatives, and customers.
- 12.3. Unauthorized disclosure includes using the Suite^{Link} Product and/or Licensed Materials for artificially creating or maintaining address lists, providing the Suite^{Link} Product or any portion thereof to any third party for any purpose or under any conditions except as expressly authorized by this Agreement, or any other use of the Suite^{Link} Product and/or the provided source code that is not specifically authorized by this Agreement.
- 12.4. At all times, the Licensee must maintain (a) appropriate security controls to restrict access to the hardware, software (including the server and workstations), and data used in connection with the service or process and to ensure a secure environment for maintaining that hardware, software, and data, (b) personnel and management policies sufficient to provide reasonable assurance of the trustworthiness and competence of its employees and the satisfactory performance of their duties and in accordance with all applicable laws, rules and regulations, and (c) appropriate computer and network security controls, including the use of reasonable security procedures that are sufficient to ensure that documents, notices, and other information specified in this Agreement that are electronically created, communicated, processed, stored, retained, or retrieved are authentic, accurate, reliable, complete, and confidential, and that business records and data are protected from improper access.
- 12.5. To ensure the confidentiality of address information in the Suite^{Link} Product, Developer will ensure that none of its employees or contractors or any other related individual or entity

disclose to any third party any address information obtained through use directly or indirectly of the Suite^{Link} Product.

12.6. Developer agrees to control and restrict any access to address information in or from the Suite^{Link} Product to employees or contractors who need it to perform work for Developer under this Agreement.

12.7. Due to the sensitive nature of the confidential and proprietary information contained in the Licensed Materials, Developer acknowledges that unauthorized use and/or disclosure of Licensed Materials will irreparably harm USPS's right to control its intellectual property. Accordingly, Developer consents to such injunctive, equitable, or other monetary relief as a court of competent jurisdiction may deem proper.

13. Proprietary Notice

Any copies of Licensed Materials produced by Developer will have a notice identifying the same as the confidential and proprietary property of USPS.

14. Audit and Inspection Rights

USPS may, in its sole discretion and upon reasonable notice, inspect, and audit Licensee's use of the Licensed Materials at any time during the Term and for three (3) years following the expiration or termination of this Agreement. In conducting such inspection and audit, USPS will only examine information directly related to Licensee's use of the Licensed Materials to confirm Licensee's compliance with the terms of this Agreement.

17. Governing Law

This Agreement will be interpreted under U.S. federal law, and, if none is applicable, under the law of the State of New York as interpreted by U.S. Court of Appeals for the Second Circuit, without regard to its choice of law or conflicts of law principles.

18. Applicable Law Compliance

- 18.1. The Licensed Materials, in particular, the address information contained therein, are governed by the provisions of 39 USC 412, which prohibits the disclosure of lists of names or addresses. Accordingly, Developer will take all steps necessary to secure the Licensed Materials in a manner that fully complies with Section 412. Developer will ensure that it does not use the Licensed Materials for the purpose of creating or maintaining address lists.
- 18.2. Developer will adopt all security measures identified within the Licensee Performance Requirements to detect cases where address records have been artificially generated and presented to the Suite^{Link} Product for the apparent purpose of creating an address list.
- 18.3. Developer acknowledges that the export of the Licensed Materials and Suite^{Link} Product is outside the Scope and Purpose of this Agreement and is outside the license granted in this Agreement and that such export may be subject to compliance with the Export Administration Act Regulations of the United States Department of Commerce, as amended, and other export controls of the United States (“Export Laws”). Except as specifically set forth in the license grant and without the prior written consent of USPS, Licensee will not assign or otherwise transfer any of its rights, or delegate or otherwise transfer any of its obligations or performance, in whole or in part, under this Agreement, in each case whether voluntarily, involuntarily, by operation of law, or otherwise, and without limiting its generality, any merger, consolidation, or reorganization involving Licensee (regardless of whether licensee is a surviving or disappearing entity) will be deemed to be a transfer of rights, obligations, or performance under this Agreement that are prohibited by this Agreement. Any purported assignment, delegation, or transfer in violation of this Agreement is void. This Agreement is binding upon and inures to the benefit of the parties hereto.

22. Changes to Information
