

# LICENSING ANNOUNCEMENT

## MARCH 25, 2016

---

### LACS<sup>Link</sup>® File Size Expansion

**Primary Audience:** LACS<sup>Link</sup> Licensees

In an effort to reduce the number of density-related collisions (false positives) in the LACS<sup>Link</sup> Product, the file size of the **llk.hsa** binary hash table will increase. Effective with the May release, the **llk.hsa** table will increase from 524,288 bytes to 2,097,152bytes.

Please share this information with all pertinent contacts within your company.

If you have any questions regarding this notice, please contact the Licensing Department at [ncoalink@usps.gov](mailto:ncoalink@usps.gov).
